mecca and medina are the two sanctuaries of islam places which every muslim dreams of visiting at least once in a lifetime mecca is believed to be the very first location of human settlement and it was the birthplace of the prophet muhammad peace be upon him the ka ba found in mecca was raised by the prophet abraham from its foundations to become the direction of prayer for believers medina is the city in which islamic civilization was centralized and

flourished religiously politically and socially faruk aksoy a bbc cameraman took hundreds of photographs of these blessed cities from the most spectacular angles this album includes over 160 select pictures shot by aksoy since 1980s he provides for us a picturesque pilgrimage experience and gives us an opportunity to share in the blessings of a lifetime journey as we browse through the pages accompanied by inspirational text features the ka ba and the golden gutter the prophet s mosque and the rawda cemeteries of jannat al mualla and jannat al baqi mount nur mina mount arafat

mecca the blessed medina the radiant is an unprecedented photographic exploration of the holiest cities of islam and the hajj or annual pilgrimage during ramadan when more than a million faithful journey to mecca s great mosque to commemorate the first revelation of the qur an koran this book allows both muslims and those unfamiliar with the islamic faith complete access to the holiest sites of one of the world s major religions practiced by a quarter of the world s population but often misunderstood in the west photographer ali kazuyoshi namachi a muslim convert from japan garnered the full support of saudi arabian authorities rarely given to shoot in cities where photography is strictly controlled and non muslims are not allowed an expansive work of photojournalism mecca the blessed medina the radiant includes 140 full color never before seen photographs mystical places and scenes of islam breathtaking aerial photographs of the arabian terrain vistas of teeming crowds of worshippers surrounding the kasbah mecca s sacred center intense portraits of faithful muslims in prayer magnificent architecture reflecting the faith of the believers archival illustrations text by seyyed hossein nasr one of the most highly regarded scholars of islam enhances the stunning islamic holy city photographs to illuminate many aspects of islamic belief that have remained enigmatic to non muslims until now

the purpose of this book is to draw attention to the sites of life politics and culture where current and past generations of the islamic world have made their mark unlike many previous volumes dealing with the city in the islamic world this one has been expanded not only to include snapshots of historical fabric but also to deal with the transformation of this fabric into modern and contemporary urban entities salma khadra jayyusi was awarded cultural personality of the year by the sheikh zayed book award for her profound contribution to arabic literature and culture in 2020 the paperback edition of the city in the islamic world was published to celebrate the occasion

includes pictures includes a history of the region and religion before islam includes footnotes and a bibliography for further reading includes a table of contents there is no doubt in the sanctity of mecca but a donkey won t become a hajj pilgrim by just going through the motions rahman baba whenever the prophet returned from a journey and observed the walls of madinah he would make his mount go fast and if he was on an animal i e a horse he would make it gallop because of his love for madinah sahih bukhari book 30 hadith 110 the reason for the existence of most of the world s cities is obvious to the student of geography new york and shanghai control deep ports and straddle great rivers bringing trade from the interior paris and london are at the crossing points of major cross country rivers johannesburg sits atop a great mountain of gold ore and moscow and madrid are at the heart of their great nations easily

able to control even the more distant corners of the land mecca is quite different as the city exists solely because it is holy even centuries before the birth of the prophet muhammad the leaders of mecca established that their city was the pre eminent holy site in western arabia and established a truce for pilgrims to the city in the process one effect of this was that mecca became a center for might today be described as tourism as even ancient visitors needed places for food water and sleep at the same time they could make offerings in the temples and leave with mementos of their time in mecca many also found it convenient to bring their trade goods to the markets of mecca where they could find visitors bringing interesting wares from across the region and the city also enjoyed the status of a trade center of course mecca is now best known for being islam s holiest city revered as the birthplace of muhammad and the site where allah first revealed the qu ran to him within mecca is the ka aba a building housed within the al masjid al haram great mosque that is considered the holiest site and wherever they are in the world muslims face in the direction of the ka aba while praying a pilgrimage to mecca is considered a necessity for devout muslims at some point in their lives and the city itself is off limits to non muslims indeed mecca is so integral to islam that the name of the city has entered the english lexicon and is a commonplace reference to any area closely associated with something such as paris often being called the mecca of fashion mecca has always been central to the faith but it has had a somewhat turbulent geopolitical history both because of conflicts within islam and among neighboring nations in the middle east as a result its history is often overlooked even as most people are quite familiar with the city even centuries before the birth of the prophet muhammad jews settled in the area that became medina to escape persecution at the hands of the babylonians and romans meaning the area and its arid environment brought inhabitants precisely because it wasn t an attractive or resource rich area in fact the city fated to become the second holiest city in islam earned that spot simply by straddling trade routes to the religious city of mecca which brought traders and pilgrims in large enough numbers to make it a trade center while mecca was muhammad s birthplace the prophet spent a great deal of time in medina especially when he and his supporters found themselves in conflict with the meccans using medina as a base muhammad eventually took mecca and both cities became integral parts of the caliphate that followed this meant that even as history brought geopolitical changes medina remained a city of religious significance for all muslims mecca and medina the history of islam s holiest cities traces the history of the second most important cities in islam

includes pictures includes footnotes and a bibliography for further reading includes a table of contents there is no doubt in the sanctity of mecca but a donkey won t become a hajj pilgrim by just going through the motions rahman baba the reason for the existence of most of the world s cities is obvious to the student of geography new york and shanghai control deep ports and straddle great rivers bringing trade from the interior paris and london are at the crossing points of major cross country rivers johannesburg sits atop a great mountain of gold ore and moscow and madrid are at the heart of their great nations easily able to control even the more distant corners of the land mecca however is different as the city exists solely because it is holy even centuries before the birth of the prophet muhammad the leaders of mecca established that their city was the pre eminent holy site in western arabia and established a truce for pilgrims to the city in the process one effect of this was that mecca became a center for might today be described as tourism as even ancient

visitors needed places for food water and sleep at the same time they could make offerings in the temples and leave with mementos of their time in mecca many also found it convenient to bring their trade goods to the markets of mecca where they could find visitors bringing interesting wares from across the region and the city also enjoyed the status of a trade center of course mecca is now best known for being islam s holiest city revered as the birthplace of muhammad and the site where allah first revealed the qu ran to him within mecca is the ka aba a building housed within the al masjid al haram great mosque that is considered the holiest site and wherever they are in the world muslims face in the direction of the ka aba while praying a pilgrimage to mecca is considered a necessity for devout muslims at some point in their lives and the city itself is off limits to non muslims indeed mecca is so integral to islam that the name of the city has entered the english lexicon and is a commonplace reference to any area closely associated with something such as paris often being called the mecca of fashion mecca has always been central to the faith but it has had a somewhat turbulent geopolitical history both because of conflicts within islam and among neighboring nations in the middle east as a result its history is often overlooked even as most people are quite familiar with the city mecca the history of islam s holiest city traces the history of the most important site in islam along with pictures depicting important people places and events you will learn about mecca like never before in no time at all

this book contains articles on historic cities of the islamic world ranging from west africa to malaysia which over the centuries have been centres of culture and learning and of economic and commercial life and which have contributed much to the consolidation of islam as a faith and as a social and political institution the articles have been taken from the second edition of the encyclopaedia of islam completed in 2004 but in many cases expanded and rewritten all have been updated to include fresh historical information with note of contemporary social developments and population statistics the book thus delineates the urban background of islam as it has evolved up to the present day highlighting the role of such great cities as cairo istanbul baghdad and delhi in islamic history and also brings them together in a rich panorama illustrating one of mankind s greatest achievements the living organism of the city

includes pictures traces the history of the area from before medina to the current day includes footnotes and a bibliography for further reading includes a table of contents whenever the prophet returned from a journey and observed the walls of madinah he would make his mount go fast and if he was on an animal i e a horse he would make it gallop because of his love for madinah sahih bukhari book 30 hadith 110 the reason for the existence of most of the world s cities is obvious to geography students new york and shanghai control deep ports and straddle great rivers bringing trade from the interior paris and london are at the crossing points of major cross country rivers johannesburg sits atop a great mountain of gold ore and moscow and madrid are at the heart of their great nations easily able to control even the more distant corners of the land medina however is starkly different even centuries before the birth of the prophet muhammad jews settled on the land to escape persecution at the hands of the babylonians and romans meaning the area and its arid environment brought inhabitants precisely because it wasn t an attractive or resource rich area in fact the city fated to become the second holiest city in islam earned that spot simply by straddling trade routes to the religious city of mecca which brought traders and pilgrims in large enough numbers to make

it a trade center of course mecca is now best known for being islam s holiest city and it is revered as the birthplace of muhammad and the site where allah first revealed the qu ran to him however the prophet spent a great deal of time in medina especially when he and his supporters found themselves in conflict with the meccans using medina as a base muhammad eventually took mecca and both cities became integral parts of the caliphate that followed this meant that even as history brought geopolitical changes medina remained a city of religious significance for all muslims and even though its turbulent history is often overlooked many people are still quite familiar with the city medina the history of islam s second holiest city traces the history of the most important site in islam along with pictures depicting important people places and events you will learn about medina like never before in no time at all

like an ecosystem cities develop change thrive adapt expand and contract through the interaction of myriad components religion is one of those living parts shaping and being shaped by urban contexts the routledge handbook of religion and cities is an outstanding interdisciplinary reference source to the key topics problems and methodologies of this cutting edge subject representing a diverse array of cities and religions the common analytical approach is ecological and spatial it is the first collection of its kind and reflects state of the art research focusing on the interaction of religions and their urban contexts comprising 29 chapters by a team of international contributors the handbook is divided into three parts research methodologies religious frameworks and ideologies in urban contexts contemporary issues in religion and cities within these sections emerging research and analysis of current dynamics of urban religions are examined including housing economics and gentrification sacred ritual and public space immigration and the refugee crisis political conflicts and social change ethnic and religious diversity urban policy and religion racial justice architecture and the built environment religious art and symbology religion and urban violence technology and smart cities the challenge of climate change for global cities and religious meaning making of the city the routledge handbook of religion and cities is essential reading for students and researchers in religious studies and urban studies the handbook will also be very useful for those in related fields such as sociology history architecture urban planning theology social work and cultural studies

mecca is the heart of islam it is the birthplace of muhammad the direction towards which muslims turn when they pray and the site of pilgrimage which annually draws some three million muslims from all corners of the world yet mecca s importance goes beyond religion what happens in mecca and how muslims think about the political and cultural history of mecca has had and continues to have a profound influence on world events to this day in this captivating book ziauddin sardar unravels the significance of mecca tracing its history from its origins as a barren valley in the desert to its evolution as a trading town and sudden emergence as the religious centre of a world empire sardar examines the religious struggles and rebellions in mecca that have powerfully shaped muslim culture interweaving stories of his own pilgrimages to mecca with those of others sardar offers a unique insight into not just the spiritual aspects of mecca the passion ecstasy and longing it evokes but also the conflict between heritage and modernity that has characterised its history he unpeels the physical social and cultural dimensions that have helped transform the city and also though accounts of such orientalist travellers as richard burton and charles doughty the strange fascination that mecca has long inspired in the western imagination and ultimately he explores what this tension

could mean for mecca s future an illuminative lyrical and witty blend of history reportage and memoir this outstanding book reflects all that is profound enlightening and curious about one of the most important religious sites in the world

this international and interdisciplinary handbook offers a comprehensive and an in depth overview of contemporary research theory and practice in the geographies of religion in various parts of the world and with different populations the book showcases the major theoretical interventions in the field and the debates about the existential constitution of sacred space and what this means for secularization it outlines the most significant geographical themes related to these new developments with their implications for how to think about landscapes space bodies and worlds the book also discusses the future of the field especially in the realms of encounters and ethics economies and markets institutions and organisations movements and migrations and media and mediums it also offers views from disciplines outside of geography including from sociology anthropology religious studies and media and communications which demonstrates the contributions of geographers of religion to wider intellectual conversations and debates

this book provides a look at muslim life and institutions forming in north america it considers the range of islamic life in north america with its different racial ethnic and cultural identities customs and religious orientations issues of acculturation ethnicity orthodoxy and the changing roles of women are brought into focus the authors provide insight into the lives of recent immigrants who are asking what is islamically appropriate in a non muslim environment contrasts are drawn between sunni and shi i groups and attention is given to the activities of some sufi organizations the growing islamic community among african american muslims is examined including the followers of warith deen muhammed and the sectarians identified with black power such as the nation of islam darul islam and the five percenters the authors document the challenges and issues that american muslims face such as prejudice and racism pressure from overseas muslims dress and education the influence of islamic revivalism on the development of the community in this country and the maintenance of muslim identity amidst the pressure for assimilation

provides an international history of urban development from its origins to the industrial revolution this well established book maintains the high standard of information found in the previous two editions describing the physical results of some 5000 years of urban activity it explains and develops the concept of unplanned cities that grow organically in contrast with planned cities that were shaped in response to urban form determinants spread throughout the texts are copious illustrations from a wealth of sources including cartographic urban records aerial and other photographs original drawings and the author s numerous analytical line drawings

the arab world is perceived to be a region rampant with constructed and ambiguous national identities overwhelming wealth and poverty religious diversity and recently the arab uprisings a bottom up revolution shaking the foundations of pre established long standing hierarchies it is also a region that has

witnessed a remarkable level of transformation and development due to the accelerated pace imposed by post war reconstruction environmental degradation and the competition among cities for world visibility and tourism accordingly the arab world is a prime territory for questioning urban design inviting as it does a multiplicity of opportunities for shaping upgrading and rebuilding urban form and civic space while subjecting global paradigms to regional and local realities providing a critical overview of the state of contemporary urban design in the arab world this book conceptualizes the field under four major perspectives urban design as discourse as discipline as research and as practice it poses two questions how can such a diversity of practice be positioned with regard to current international trends in urban design also what constitutes the specificity of the middle eastern experience in light of the regional political and cultural settings this book is about urban designers on the margins how they narrate their cities how they engage with their discipline and how they negotiate their distance from and with respect to global disciplinary trends as such the term margins implies three complementary connotations on the global level it invites speculation on the way contemporary urban design is being impacted by the new conceptualizations of center periphery originating from the post colonial discourse on the regional level it is a speculation on the specificity of urban design thinking and practice within a particular geographical and cultural context here the arab world and finally on the local level it is an a

provides comprehensive coverage of major topics in urban and regional studies under the guidance of editor in chief anthony orum this definitive reference work covers central and emergent topics in the field through an examination of urban and regional conditions and variation across the world it also provides authoritative entries on the main conceptual tools used by anthropologists sociologists geographers and political scientists in the study of cities and regions among such concepts are those of place and space geographical regions the nature of power and politics in cities urban culture and many others the wiley blackwell encyclopedia of urban and regional studies captures the character of complex urban and regional dynamics across the globe including timely entries on latin america africa india and china at the same time it contains illuminating entries on some of the current concepts that seek to grasp the essence of the global world today such as those of friedmann and sassen on global cities it also includes discussions of recent economic writings on cities and regions such as those of richard florida comprised of over 450 entries on the most important topics and from a range of theoretical perspectives features authoritative entries on topics ranging from gender and the city to biographical profiles of figures like frank lloyd wright takes a global perspective with entries providing coverage of latin america and africa india and china and the us and europe includes biographies of central figures in urban and regional studies such as doreen massey peter hall neil smith and henri lefebvre the wiley blackwell encyclopedia of urban and regional studies is an indispensable reference for students and researchers in urban and regional studies urban sociology urban geography and urban anthropology

the contributors to this new volume explore the wide gamut of characteristic features determining the rise of the city as a central living space since the high middle ages and extend the investigation up to the eighteenth century historians liter
